ACCESSORIES	item code
-------------	-----------

 **Belt extension** **9800006910000**

(required for vehicle seats with firmly connected seat and backrest or fixed backrest, e.g. in buses)

 **Base back part for positioning harness*** **9800006920100**

(Features: Base back part; shoulder straps; pelvis belts; crotch strap; keys for belt buckles; emergency hammer with seatbelt cutter; water-repellent padding)

 **Travel headrest** **9800806271000**

TIP:
* Recommended for a quick change of vehicle, e.g. school taxi, transport for the disabled, second car. The base back part for the positioning harness remains fully assembled in the vehicle, the 7-point seat vest changes vehicle quickly together with the user.

 **Please note:** The Octopus positioning harness is not classified as a safety harness, but as a medical device for positioning. To comply with safety regulations, the vehicle safety harness **MUST ALWAYS** be worn over the Octopus positioning harness. This combination provides additional safety for the user.
